¹ Penal Code section 13730 does not require that the type of weapon involved in a domestic violence-related call be reported.

² Hands, feet, etc.

³ Prior to 1989 the "personal weapon" category was not recognized by all reporting agencies as a type of weapon. When those agencies began reporting personal weapon calls as cases involving weapons, they did not provide the type of weapon designation. This accounts for the large increase in "not reported" weapons in 1989 and 1990.

^a The Oakland Police Department was unable to provide 1995 data. In 1994, 5,237 domestic violence-related calls for assistance were reported by this department.

^b Data collection began in July 1986; therefore, only six months of data are available and displayed for 1986.
