Notes: Rates are based on annual population estimates provided by the Demographic Research Unit, California Department of Finance.

Population breakdowns by gender will not add to total because of variations in population source data.

The "percent of population" category for male and female was calculated using the sum of the male and female populations.

<sup>1</sup> The "male" category includes homicide victims whose gender could not be determined: 1989 includes 1, 1990 includes 2, 1992 includes 1, 1993 includes 2, 1994 includes 7, 1995 includes 6, and 1997 includes 5.
