Fine, rstn	0	0	0	0	0	0	0	0	0
Rstn	0	0	0	0	0	0	0	0	0

Notes: Rstn = restitution, Imp = imposition, sent = sentence

Sentences can be served concurrently or consecutively with other sentences; however, for presentation purposes this information has not been indicated. Data are not affected by this omission.

¹ Sentences received could be programmatically determined for approximately 85 percent of total convictions at the statewide level. This percentage may vary from county to county. Examination of existing data revealed that overall, these sentences are representative of convictions which could not be programmatically determined.

² Sentences received could be programmatically determined for approximately 97 percent of convictions for violations of PC Sections 12021 or 12021.1 (only) at the statewide level. This percentage may vary from county to county.

³ Sentences received could be programmatically determined for approximately 66 percent of convictions for violations of PC Sections 12021 or 12021.1 (with other law violations) at the statewide level. This percentage may vary from county to county.

⁴ Sentence lengths recorded in the ACHS for this category are the sum of the sentence lengths for all convicted offenses.

⁵ Prison may include fine, restitution, or both.

⁶ Includes life sentences.
