## **HOPE 2010: THE CALIFORNIA CANCER RESEARCH ACT**

### **SECTION 1. Findings and Declarations**

- (a) Despite continuing advancements in medical treatment and prevention, cancer remains a leading cause of death in California, responsible for nearly one in every four deaths each year.
- (b) Medical experts expect more than 140,000 Californians to be diagnosed with cancer each year.
- (c) Cigarette smoking and other uses of tobacco remain the leading causes of cancer in California, as well as many other serious health problems, including cardiovascular disease, emphysema and other chronic illnesses.
- (d) The treatment of tobacco-related diseases continue to impose a significant burden upon California's overstressed health care system. Tobacco use costs Californians billions of dollars a year in medical expenses and lost productivity.
- (e) Given the urgent need for new and effective treatments for cancer and other tobacco-related illnesses, tobacco tax revenues are an appropriate source of funds for research into the causes, early detection, and effective treatment, care, prevention, and potential cures of lung cancer and other types of cancer, cardiovascular disease, emphysema and other chronic diseases and to provide facilities for such research.
- (f) HOPE 2010: The California Cancer Research Act will provide an ongoing source of funds to allow California's leading researchers to advance human understanding and knowledge about the causes, early detection, effective treatment, care, prevention and potential cures for cancer and other tobacco-related illnesses.
- (g) Tobacco tax increases are an appropriate way to fund efforts to prevent and reduce tobacco-caused cancers and other diseases because increasing tobacco product prices directly reduces smoking and other tobacco uses.
- (h) In order to control cancer, sustained support for cancer research is paramount and must include all phases of cancer research, from basic and applied research to that which transfers technology from academic institutions and laboratories to use by medical providers and consumers.

## **SECTION 2. Statement of Purpose**

The purpose of this measure is to increase the tax on tobacco to fund the following:

- (1) Grants and loans for biomedical, epidemiological, behavioral, health services, and other research in California to enhance the state of medical knowledge regarding lung cancer and other types of cancer, cardiovascular disease, emphysema and other tobacco-related illnesses.
- (2) Creation, staffing and equipping of California research facilities engaged in biomedical, epidemiological, behavioral, health services, and other research whose primary focus is to identify and refine promising prevention, early detection, treatments, complementary treatments and potential cures of lung cancer and other types of cancer, cardiovascular disease, emphysema and other tobacco-related diseases.
- (3) Increased efforts to reduce tobacco use in the State and prevent children from becoming addicted users.

## **SECTION 3. HOPE 2010: California Cancer Research Act**

Article 2.5 (commencing with Section 30130.50) is added to Chapter 2 of Part 13 of Division 2 of the Revenue and Taxation Code, to read:

### **§ 30130.50. HOPE 2010 Cancer Research Cigarette Excise Tax**

- (a) *In addition to any other tax imposed under this part, a separate excise tax is hereby imposed upon every distributor of cigarettes upon the distribution of cigarettes at the rate of fifty mills (\$0.050) for each cigarette distributed on and after the first day of the first calendar quarter commencing more than 90 days after the effective date of this section.*
- (b)
  - (1) *In addition to any other tax imposed under this part, every dealer and wholesaler, for the privilege of holding or storing cigarettes for sale, use, or consumption, shall pay a floor stock tax for each cigarette in his or her possession or under his or her control in this state at 12:01 a.m. on the first day of the first calendar quarter commencing more than 90 days after the effective date of this section at the rate of fifty mills (\$0.050) for each cigarette.*
  - (2) *Every dealer and wholesaler shall file a return with the State Board of Equalization on or before the first day of the first calendar quarter commencing more than 180 days after the effective date of this section on a form prescribed by the board, showing the number of cigarettes in*

his or her possession or under his or her control at 12:01 a.m. on the first day of the first calendar quarter commencing more than 90 days after the effective date of this section. The amount of tax shall be computed and shown on the return.

- (c) Notwithstanding any other provisions of law, the tax created by the HOPE: 2010 Cancer Research Act and the revenue derived there from, including investment interest, shall be considered trust funds, to be expended solely for the purposes set forth in this Act and shall not be considered to be part of the General Fund, as that term used in Chapter 1, Part 2, Division 4 of the Government Code, commencing with Section 16300, and shall not be considered General Fund revenue for purposes of Section 8 of Article XVI of the California Constitution, and its implementing statutes.

To the extent that a decrease in consumption is determined by the State Board of Equalization to be a direct result of the additional tax imposed by this article, or the resulting increase in the tax on tobacco products required by subdivision (b) of Section 30123, the State Board of Equalization shall determine the fiscal effect the decrease in consumption has on the Cigarette and Tobacco Products Surtax Fund created by Section 30122 (Proposition 99 as approved by the voters at the November 8, 1988, statewide general election), the Breast Cancer Fund created by Section 30461.6, the California Children and Families Trust Fund created by Section 30131 (Proposition 10 as approved by the voters at the November 3, 1998 statewide general election), and the portion of the General Fund created by Section 30101.
