Initiative Measure to be Submitted to Voters

California Jobs Initiative

SECTION 1. STATEMENT OF FINDINGS

- A. In 2006, the Legislature and Governor enacted a sweeping environmental law, AB 32. While protecting the environment is of utmost importance, we must balance such regulation with the ability to maintain jobs and protect our economy.
- B. At the time the bill was signed, the unemployment rate in California was 4.8%. California's unemployment rate has since skyrocketed to more than 12%.
- C. Numerous economic studies predict that complying with AB 32 will cost Californians billions of dollars with massive increases in the price of gasoline, electricity, food and water, further punishing California consumers and households.
- D. California businesses cannot drive our economic recovery and create the jobs we need when faced with billions of dollars in new regulations and added costs; and
- E. California families being hit with job losses, pay cuts and furloughs cannot afford to pay the increased prices that will be passed onto them as a result of this legislation right now.

SECTION 2. STATEMENT OF PURPOSE

- A. The people desire to temporarily suspend the operation and implementation of AB 32 until the state's unemployment rate returns to the levels that existed at the time of its adoption.

SECTION 3. SUSPENSION OF AB 32

Division 25.6 (commencing with section 38600) of the Health and Safety Code is hereby added to read:

§38600(a) From and after the effective date of this measure, Division 25.5(commencing with section 38500) of the Health and Safety Code is suspended until such time as the unemployment rate in California is 5.5% or less for four consecutive calendar quarters.
(b) While suspended, no state agency shall propose, promulgate, or adopt any regulation implementing Division 25.5(commencing with section 38500) and any regulation adopted prior to the effective date of this measure shall be void and unenforceable until such time as the suspension is lifted.
