Standards of play:

Three Card Poker (TCP) is a three card poker game that utilizes a player/dealer position. As in other games featuring a player/dealer, the players play against another player where they will collect all winnings and pay all losing bets to the extent that their money covers.

The player/dealer position will be selected as in other games approved by the Bureau of Gambling Control; and the player/dealer will only "bank" the hand (including bonus bets) for two (2) consecutive times before it is rotated in a clockwise fashion around the gaming table.

All standard poker rankings will be used from the minimum winning hand of a high card to the best hand; a Royal Flush.

Three Card Poker shall be played on a standard blackjack table having eight places on one side for the players and the player/dealer, and a place for the Casino dealer on the opposite side.

The cloth covering a Three Card Poker table (the layout) shall have betting areas for eight players. Within each betting area there shall be three separate designated betting spaces labeled 'Ante' and 'Play' for the placement of bets, as well as a separate circle for the placement of a bonus bet labeled 'Bonus.'

Betting scheme:

1. All wagers in Three Card Poker shall be made by placing gaming chips on the appropriate betting areas of the table layout keeping in mind the table minimum and maximum wagering limits.
2. All wagers shall be placed prior to the dealer announcing "No more bets." No bets shall be made, increased, or withdrawn after the dealer has announced "No more bets."

Each player at a Three Card Poker table, who has placed the ante wager required above, shall also have the option to make an additional "bonus wager" that awards a bonus payout to the player(s) who receive a poker hand consisting of certain hand combinations as listed in the *Bonus Bet Payout Table*.

Dealing procedures:

1. Immediately prior to the commencement of play and after each round of play has been completed, the dealer shall shuffle the cards by use of a shuffle machine so that the cards are randomly intermixed. Upon completion of the shuffle, the device shall place the deck of cards in a single stack.
2. The dealer shall wait for each player to place their ante bets as well as any bonus bets. After each player has had the opportunity to place his/her bonus bet, the dealer will announce "No more bets."

The dealer shall deliver each stack face down. The stack given to the player/dealer shall be delivered face down after which one card will be turned face up.
3. After the stacks have been dealt and delivered to each player and the player/dealer, the dealer shall unload the remaining cards in the shuffler and place them into the discard rack without exposing the cards.

The dealer shall offer this option to each player, starting with the player to the left of the dealer and moving clockwise around the table in order.
 - a. If a player has placed an ante wager and a bonus wager but does not make a play wager, the player shall forfeit both the ante wager and the bonus wager.

7. All cards collected by the dealer shall be picked up in order and placed in the discard rack in such a way that they can be readily arranged to reconstruct each hand in the event of a question or dispute.
8. The player/dealer will first collect all losing wagers and then pay all winning wagers. Once the player/dealer's wager has been exhausted, the wagers not covered by the player/dealer will be returned to the players.
