Applicable Statutes and Regulations for a
Gambling Establishment Compliance Inspection

The purpose of the compliance inspection conducted by the Bureau of Gambling Control (BGC) is to ensure compliance with all applicable gambling/gaming statutes, regulations, and local ordinances. To assist an owner/licensee of a gambling establishment with compliance inspections, BGC has compiled a generalized list from the applicable governing statutes, regulations and local jurisdictional ordinances. Although this generalized listing is intended as a basic guideline for the compliance inspections, the scope of the inspections is not limited to the sections listed below from the applicable sources. BGC reserves the right to modify this listing as needed. To access the specific code sections from the statutes and regulations, please use the following web sites:
