RE: NOTICE OF VIOLATION to Kohl's (JCT # 3954)
People v. Burlington Coat Factory Warehouse Corp. et al.
Superior Court of California, County of Alameda, Case No. RG 04-162075

Dear Sir or Madam:

I am writing to you about an accessory purchased at Kohl's Inc. that violates the lead standards established in a consent judgment to which your company is a party, and that violates California Health and Safety Code section 25214.2(b)(3). This letter constitutes a Notice of Violation pursuant to Section 4.2 of the consent judgment. A copy of the consent judgment is available on our web site, at <http://ag.ca.gov/prop65/pdfs/-amendedConsent.pdf>.

The violation was observed in the black cord of a black multi-strand corded necklace with a silver oval pendant. The SKU is 083355487665. The violation was found in a Pleasant Hill, California store. The internal reference number for these pieces is JCT # 3954. (Please use the internal reference numbers in correspondence about this notice).

Samples of this accessory were purchased in Pleasant Hill, California on March 8, 2011. Test results indicate 6760 ppm lead in the black cord of JCT # 3954. Photos of the piece, along with the test reports and supporting documentation, are enclosed with this notice.

Lead is a toxic metal that damages the nervous system and other organs. A part of your response to this notice under section 4.2.3 of the consent judgment, we request that you provide data about the amount of the different jewelry items offered for sale, sold, and removed from shelves in your stores in California. We also would like to know what the company will do with the jewelry that it will not sell in California, and what measures your company will take to prevent other jewelry with lead from being sold in the future.

Notice of Violation to
Kohl's, Inc.
